

PENNSYLVANIA LEGISLATURE—TARIFF.

JANUARY 21, 1833.

Read, and referred to the Committee of the Whole House to which is referred the bill (641) to reduce and otherwise alter the tariff.

EXECUTIVE DEPARTMENT,

Harrisburg, January 18, 1833.

SIR: I am directed by a resolution of the Legislature of this State, to transmit to you the annexed preamble and resolutions of that body in relation to the tariff of duties now under consideration by the Congress of the United States.

With great respect,

I have the honor to be,

Your obedient servant,

GEO. WOLF.

TO ANDREW STEWART, esquire,

*A Representative of Pennsylvania in
the Congress of the United States.*

Resolution relative to the Tariff.

Whereas, an alteration in the tariff system is proposed in the House of Representatives of the United States, by the Committee of Ways and Means, and now is under consideration in that body: and whereas it is believed that, if the bill now under consideration should become a law, its operation will be very injurious to the great manufacturing interests of the country, and, consequently, prejudicial to the interests of agriculture, and to the industry and prosperity of the people generally: therefore,

Resolved by the members of the Senate and House of Representatives of the Commonwealth of Pennsylvania, That, in their opinion, the bill now under consideration in the House of Representatives of the United States ought not to become a law; and that no reduction of duties ought to be made calculated to affect the successful prosecution of our domestic manufactures, or, in any way, to impair the faith of the Government, by which the enterprise of our own citizens would be checked, and successful domestic competition retarded.

Resolved, That the Governor be requested to transmit a copy of these resolutions to our Senators and Representatives in Congress, to be laid before their respective bodies.

SAM'L ANDERSON,

Speaker of the House of Representatives.

JESSE R. BURDEN,

Speaker of the Senate.

Approved: The eighteenth day of January, Anno Domini, eighteen hundred and thirty-three.

GEO. WOLF.
